

**Position:** School Base Therapist

**Supervised by:** Clinical Coordinator

**Job Description:**

Provides quality individual, family, and group therapies, as well as oversees paraprofessional services to clients of Living Hope Outpatient services.

Provides comprehensive assessment and diagnosis, treatment planning and collateral intervention. All services will meet professional standards and be rendered according to their licensure or certification.

Assists in receiving clients and placement of clients at discharge, as well as coordinating immediate aftercare services.

**Secondary Functions:** Other duties as may be assigned by supervisor.

**QUALIFICATIONS:**

**Education/Skills:** Graduate of an accredited college or university with at least a master's degree in a behavioral science discipline (prefer psychology, counseling, or social work background).

**Licensure:** Licensed in Arkansas as a Mental Health Professional

**Experience:** Prefer one (1) year post-master's experience in psychiatric or mental health setting. Must have completed orientation period in order to act as a team leader.

**Location:** Little Rock School Base
