

“NO FRILLS” PRIVATE PRACTICE WORKSHOP

September 9th 9am – 12pm, 2016

\$149.00 before September 1

\$199.00 after September 1

Will be held in Little Rock with limited seating

I could have spent a bunch of time developing a fancy flyer. I didn't because I don't need to. The topic and the content speak for themselves. I also just saved hours by not doing something that's not needed so that I can devote more time to the activities that support my career. This is the kind of decision that successful private practice owners have to make every day.

Are YOU ready?

A private mental health counseling practicing is not for everyone. Is it for you? If “YES!”, then you need to start to prepare for success by having develop a plan for the 10 essential private practice competencies. If “I don't know, maybe!”, then you need this workshop to help you firm up your answer either way.

10 Essential Workshop Topics Covered in my Private Practice Workshop:

- The big “WHY?”
- Cultivating a business mindset
- On-line private practice presence 101
- Rates, Payments, & Collections
- 3rd Party Payments
- Records, Paperwork, File Management Options, HIPPA
- Planning your office and overhead
- Healthy scheduling habits
- Getting more help when it's needed

Why take this workshop with me?

I have supervised and helped launch multiple successful private practices through 15 years of supervision and consulting. I've been practicing in the state for over 15 years. I know local people in the field and can help you connect. I'm clinically up to date and see clients in my own practice. I teach graduate school full time for the largest therapy training program in the state that also boasts the highest license exam pass rate. I am personable and I have fun seeing clinicians successful in private practice. I speak at conferences on topics of ethics, digital competence, marriage counseling, and supervision
